Warning!

Failure to follow these warnings and the assembly instructions could result in serious injury or death from entrapment or strangulation.

READ ALL INSTRUCTIONS BEFORE ASSEMBLING CRIB. KEEP THE MANUAL FOR FUTURE USE.

- Warning: Strings can cause strangulation! Do not place items with a string around a child's neck, such as hood strings or pacifier cords. Do not suspend strings over a crib or attach strings to toys.
- DO NOT place a crib near a window where cords from blinds or drapes may strangle a child.
- Keep wall decorations, especially those with strings, completely out of a child's reach.
- Before each usage or assembly, inspect crib for damaged hardware, loose joints, missing parts or sharp edges. DO NOT use the crib if any parts are missing or broken. Ask your dealer or contact manufacturer for replacement parts and instructional literature if needed. DO NOT substitute parts.
- Check fasteners periodically for tightness. Do not over tighten. This may cause distortion or breakage.
- After raising the moving drop side, make sure it is locked in place.
- When a child is able to climb out reaches the height of 35 in. (90 cm) or when the height of the side rail is less than 3/4 of the child's height, the crib shall no longer be used.
- If refinishing, use a non-toxic finish specified for children's products.
- DO NOT leave a child in a crib with the side lowered. Be sure the moving drop side is in the raised and locked position whenever a child is in the crib.
- When a child is able to pull to a standing position set the mattress to the lowest position and remove bumper pads, large toys and other objects that could serve as steps for climbing out.
- Never use plastic shipping bags or other plastic films as mattress covers because they can cause suffocation.
- Do not tie pacifiers, necklaces, or any other items around a child's neck or on crib parts. This could cause strangulation.
- DO NOT use a water mattress with this crib and replace teething rail(s) if damaged or loose.
- CAUTION: Any mattress used in this crib must be at least 27 1/4 in by 51 5/8 in (69 cm x 131 cm) with a thickness not exceeding 6 in (15 cm).
- Use a crib as a crib, not as a play yard. Remember that a crib is not a substitute for a parent's supervision.
- Parents should ensure a safe environment for their child by checking the crib regularly before placing the child in the product. Please make sure that every component is properly and securely in place.
- When re-assembling the crib for your second child, please keep in mind that the screw holes will need to be filled in order for the screws to grip to the wood. Talk to your local hardware store or lumber yard about how
